COULD HAPPEN

Everyone remember to pick up Saenagi's SEQUENCE when TokyoPop brings it out February 28th!!!! Support your author, guys!!!!!!!

Ok, that was dumb. For the love of God, please don't believe that thing. I'm really not the type to use that many exclamation marks. Sequence getting licensed by TokyoPop is so far just a RUMOR.

(Though for seriously, it wants you to buy it if it comes out. Just look at Titi there. How could you turn that smiling face down? You can't. You can't... and you won't.)

Sequence Cover Art Contest

"Because you can do it way better than me, and you know it."

Let's face it. The original version was kinda boring. So what do you think TokyoPop would do with the Sequence cover, had they the chance to give it a tinker?

..Then again..who really cares what TokyoPop does to the cover. It's never going to have what you really want, will it? No. It won't. So you'll just have to make your own. There's no way around it.

And don't worry. They'll be prizes. Probably lots of categories. Cause everyone's a winner. ...Or because I just really like sending random thing in the mail to people I barely know. One of these. But you know. One With Prettiest Stick Figures. One Least Likely To Be Anything Like What TokyoPop Would Actually Use. One That Shows The Most Leg. One That Managed To Make Titi Look Masculine. Good stuff like that.

...Ok, maybe we should get someone else to judge the contest. But still. Drop your entries off at the Sequence Licensed By TokyoPop/Cover Contest thread in the amber-lovejoy forums. (http://amberlovejoy.cjb.net) (no need to log in)

Deadline for turning in entries is 11/28/05. Saenagi's birthday.

.. Oh. And I make no promises that if I were to find out how to mail a fanletter to Saenagi, that I wouldn't print these out and stuff them in the envelope with it.

..And I promise to stop making mock English Sequence covers. I'm really sorry. That was the last one. I swear. ...I think.
